Education

University of Central Florida (UCF)

July 2025 – May 2029

Bachelor of Science in Computer Science

GPA: 3.80

- Relevant Coursework: **Algorithms & Data Structures**, Calculus I & II, Computer Design Architecture

Experience

Web Development Intern

May 2026-Present

Limbitless Solutions

- Maintaining all domains and subdomains of Limbitless solutions aiding in the company's mission of increasing accessibility to prosthetics
- Limbitless solutions is a non-profit organization focused on creating 3D-printed, EMG-powered prosthetics for children with limb differences

Software Committee

Feb 2026 – Present

IEEE @ UCF

- Contributed to cross-committee planning sessions by workshopping future development roadmaps and evaluating ongoing project direction

Projects

Internship Application Page

May 2026 – Present

Limbitless Solutions

- Refactored duplicated file-upload event listeners into a single parameterized handler in JavaScript
- Resolved stylesheet-path and duplicate-ID bugs blocking CSS from loading, restoring branding
- Utilized HTML, CSS, Bootstrap, and JavaScript to bring a dynamic application page to life.

Personal Portfolio Website

May 2026 – Present

- Utilized HTML, CSS, and JavaScript to develop site presenting current projects and technical skills
- Hosted via Firebase with automated CI/CD deploys through GitHub Actions
- Implemented a fully responsive mobile layout
- Live Site: <https://luis-portfolio-site-bfebd.web.app/index.html>

IEEE Member Database

Feb 2026 – Present

IEEE @ UCF

- **Refactored modules** from JavaScript into **TypeScript** and **React**, improving code maintainability
- **Automated 32 tests** using the Jest testing, eliminating input validation errors
- **Integrated Tally forms with Zapier** to dynamically route submissions into different **Notion databases**

Skills & Certifications

Industry Certifications: Cisco Certified Network Associate (2025)

Software Tools: VS code, Tally, Zapier, Docker, GitHub, Notion, and Git

Programming Languages/Frameworks: C, Python, TypeScript, HTML/CSS, Bootstrap, and React

Languages: English (Native) & Spanish (Intermediate)

Affiliations, Honors, & Awards

- Bright Futures Florida Academic Scholar (FAS) Award Recipient
- Broward Education Foundation Scholarship Recipient
- Dean's List (Fall-Present)
